EMPOWERING YOU

You inspire and motivate us. Your experience is a vital source of our product innovation. As a business owner or chef, your needs can be complex and varied. Whilst you have individual needs there is one common denominator – delivering the best you can within your daily constraints.

The majority of you work to one basic rule – satisfying your customers by providing the very best quality without the need to compromise.

The Snowflake GII range supports your goals.

Durable performance

Snowflake GII Refrigeration is engineered to perform in demanding environments, giving you peace of mind. With a smart interior and exterior design, our cabinets and counters offer quality cooling for your fresh produce.

Reliable, durable and affordable.

ENGINEERING AND DESIGN EXCELLENCE

With a reputation for delivering smart refrigeration solutions, Hoshizaki continues to capitalise on its solid engineering and design heritage and infrastructure. Hoshizaki's **Snowflake GII** range is manufactured utilising the best engineering, design technologies and strict quality assurance from our teams in Denmark and Japan.

Perfect for hot professional kitchen environments

Tropicalised cooling system endures up to +40°C, (40% relative humidity), keeping your produce fresh.

Anti-corrosion stainless steel

AISI 304 S/S (EN1.4301) interior and exterior (front and sides). Suitable for humid locations.
