Whether you slice, dice or chop Prince Castle makes it fast and easy to get perfect results. Prince Castle slicers and cutters are designed to slice and cut vegetables, fruits and other food items in one quick and effortless stroke. Constructed of durable cast aluminum with stainless steel blades, our line of tabletop food prep equipment ensures operator safety while producing consistent and perfectly-sized portions.

### Tomato Saber

- Uses Perma-Tight™ blade cartridge system
- Perfect slicing every time
- Freshly sliced tomatoes provide better product quality compared to pre-sliced and packaged tomatoes
- Tomatoes are juicier, taste better and retain color
- Ergonomically-designed, contoured pusher handle carries tomato through blades instead of rolling it for a precise cut
- Tomato catcher reduces clean-up and improves food safety
- Commercial-grade cast aluminum base for added strength, weight and corrosion-resistance
- Permanently-lubricated Duralon bearings allow pusher and carrier assembly to effortlessly slide along polished stainless steel rods

### Perma-Tight™ Blade Cartridge for Tomato Saber

- Tomato Sabers use patented Perma-Tight™ blade cartridge system
- Once blades become dull, dispose and replace with new blade
- Fixed tension Perma-Tight™ blades never need adjustment - no longer manually tighten blades
- Have a 50 percent longer life compared to other blades

943-A	Tomato Saber 3/16" (.48cm) Slices
943-B	Tomato Saber 1/4" (.64cm) Slices
943-C	Tomato Saber 3/8" (.95cm) Slices
943-D	Tomato Saber 7/32" (.55cm) Slices
943-DH	Tomato Saber 7/32" (.55cm) Slices High Yield

943-038A	Blade Cartridge for 943-A Tomato Saber 3/16" (.48cm) Slices

Cook-to-order is simpler than ever with Prince Castle's complete line of grill tools and accessories. Products offer durable performance, reduced cleanup time, and labor savings for a wide variety of foodservice applications.

## Grill Wiper

- Removes excess grease quickly and easily
- 7" (17.8cm) wide blade is reversible for long life

233-71A Grill Wiper

233-86 Replacement Wipers (4 pack)

## Meat Presses

- Designed to provide firm, even pressure for superior results
- Eliminates distortion and prevents shrinkage
- Reduces cooking time
- Improves food quality and food safety
- Ideal for multiple frozen hamburger patties, bacon, steaks and other meats
- Ensures even cooking
- Dishwasher safe
- Equipped with removable handle

233-57A Meat Press 23" (58.4cm) x 6" (15.2cm)

370-A Meat Press 12" (30.5cm) x 6" (15.2cm)

## Meat Forms

- Eliminates distortion
- Reduces cooking time
- Provides consistent depths

233-AB Meat Form 1/2"

233-AB2 Meat Form 3/8"

## Kleen Skreens

- Polishes grill surface to its original shine.
- Cleans faster, and lasts up to six times longer.

167-1 Replacement Skreens for Discontinued 167 Kleen-Skreen Polisher (12 pack)

Visit us online at [princecastle.com](http://princecastle.com)

## Butter Spreader

- Holds up to 48 oz. (1.4 liters) of liquid
- Rails on the bottom to prevent scorching
- All stainless steel units are completely immersible for easy cleaning
- Perforated roller delivers proper amount of butter

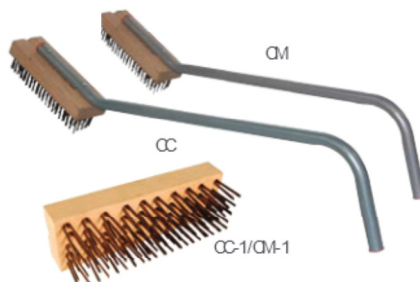

50 - Butter Spreader

## Grill Scrapers

- Increases food product yield by keeping grill clean and preventing patties from sticking
- Prevents burnt food buildup that ruins grills
- Blades are easy to remove without tools
- Disposable and resharpenable blades available
- Dishwasher safe for simple cleaning
- Scraper designed to protect crew's hands from top platen of topside grills

161	Standard Grill Scraper
161-1HD	Blades for 161 Grill Scraper
161-6DP	Blades for 161 Grill Scraper (6 pack)
161-SW3	Grill Scraper and Wiper
161-072S	Replacement Scraper Blade for 161-SW3 (2 pack)
173	Mini Grill Scraper
173-1	Blade for Grill Scraper 173

## Char-Brushes

- Cleans charbroilers quickly and easily
- Ergonomically designed pistol grip prevents fatigue
- Tough spring steel bristles
- Replacement brushes available
- Model CC features coarse bristles
- Model CM features medium bristles

CC	Coarse Bristles Char-Brush
CM	Medium Bristles Char-Brush
CC-1	Replacement Coarse Char-Brush Head
QM-1	Replacement Medium Char-Brush Head

**Omelet Egg Form**

- Ensures uniform, attractive eggs and omelets
- Non-stick coating for easy clean-up
- Saves grill space
- Promotes portion control and consistent results

127 Omelet Egg Form 8" (20.9cm) Diameter

**Scrambled Egg Form**

- Produces neat and appetizing orders with little effort
- Non-stick coating for easy clean-up
- Features durable, finger-formed Bakelite handles
- Ensures portion control and consistent results
- Prevents products from mixing on the grill
- Holds up to eight (8) eggs

123 Scrambled Egg Form 10" (25.4cm) Diameter

**Egg Forms**

- Speeds up the cooking process
- Non-stick coating for easy clean-up
- Ensures perfectly round, attractive eggs
- Promotes portion control and consistent results
- Rings removable from frame for easy cleaning

122-043Y 6-Ring Form with Cover

122-032 In-line 4-Ring Egg Form

234-2 Replacement Egg Rings

242-IH

**Hash Brown Form**

- Speeds up the cooking process
- Non-stick coating for easy clean-up
- Promotes portion control and consistent results

Alphanumeric displays and programmable cook duties and functions

840-T4	4-Channel Multi-Function Timer
840-T8	8-Channel Multi-Function Timer
840-T16	16-Channel Multi-Function Timer

Prince Castle radiant toasters are Ideal for toasting virtually any bread or bakery product – breads, bagels, buns, croissants, etc. They have a high-limit temperature control and reliable radiant heat element. However, their cooler external surface temperatures ensure safer operation.

## Radiant Toaster

- Versatile multi-channel, radiant-style, singlechamber toaster.
- Programmable toast times to perfectly toast 12 different products.
- Front loading and toasts up to 3 buns at a time.
- Designed to toast one side of the product.
- Simple controls visually display the time left in active toast cycle and the end of cycle. An adjustable audible alarm also signals end of toast cycle.
- Low profile saves space and fits in well with various station configurations.

464-B Single Chamber Toaster

Prince Castle contact toasters produce warm, caramelized toast without drying out the bread. Bread is hot and moist with a “fresh out of the oven” presentation. Precision time and temperature controls provide consistent results.

## Contact Toaster

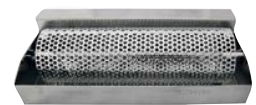

- Delivers higher toasting capacities while maintaining proven, reliable design.
- Stronger motor and higher temperature platen increase performance.
- Adjustable bun crush controls and thermostat allow for precise toasting for various bread products.
- Caramelizes the bread, forming a coating that protects the bread from the juices and condiments that can cause soggy, unattractive bread.

297

297-T9	9-Second Vertical Toaster
297-T12P	12-Second Vertical Toaster
297-T20	20-Second Vertical Toaster

197-260	Release Sheet for 197/297 (2 pack) 3 mil thick
511	Butterwheel (sold separately)

511

## Hold cooked products longer, better and safer while improving speed of service and reducing food waste!

Prince Castle DHBs are an integral part of QSR work-in-process operations in which menu items are prepared to order on demand.

Specifically designed to hold individual menu item components, virtually any fried, grilled or baked food product can be held for an extended period of time and at an improved quality level compared to heat lamps, steam tables or other traditional point of use holding methods.

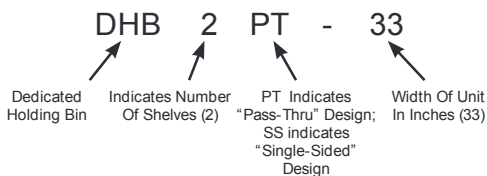

Prince Castle DHBs also include MenuTrak timer bars that offer operators the ability to “supervise” held products by assigning where menu item components are located and monitoring hold times. Prince Castle’s MenuTrak technology also provides improved speed of service and product consistency, with added built-in programmable features that alert operators when to cook new product and replace existing held product.

### What Is MenuTrak?

- MenuTrak manages your menu items’ locations and hold times. It also instructs the crew which pan to use, and when to discard or cook more food.
- Alphanumeric displays for each pan identify where menu items are located and track their respective hold times.
- Displays alert you when to use, discard or cook more product.
- Stores up to 6 different menus, so you can easily switch between breakfast, lunch, dinner, late night or other menus.
- MenuTrak comes pre-programmed with a standard library of menu items, while offering the flexibility to add your own specific menu items and customize their holding times.
- With MenuTrak, Prince Castle DHBs are reliable, easy to use/maintain, and are backed by a one year parts and labor warranty.

### UNDERSTANDING MODEL NUMBERS

### Ideal Users

Perfect for operations that Make-To-Order their sandwiches and other menu items, including:

- Quick-service restaurants
- Specialty shops
- Schools and other institutions
- Hotels
- Almost any operation looking to hold individual menu item components longer and to a higher quality

### Holds the following fried and non-fried food for 1-hour

- Hamburgers
- Grilled Chicken
- Fried Chicken
- Fried Appetizers
- Fish
- Eggs
- Pizza
- And much, much more!!!

## Dedicated Holding Bins

- Improved food quality, no drying out of products while maintaining required internal temperatures.
- Consistent product holding temperatures with extended holding time capability
- Easy point of use product access with reduced/limited heat loss.
- No hinged doors to access product deliver a smaller overall footprint, less space required.
- Improved control of product usage, reducing overall food waste.
- Increased menu variety/expansion with flexible, built-in holding options.
- Versatility to hold complete breakfast, lunch and dinner menu items.
- Independent, dedicated pans eliminate product flavor transfer from one section to another.
- Design allows easy access for operation, cleaning and maintenance.
