

Refrigerated Display - Horizontal

The CD800 / CD1200

These panoramic display cabinets will draw attention to your chilled menu thanks to the LED white lighting in each corner and clear glass panels on four sides and above. The large display area will volumise your range of cakes, desserts, salads and fresh sandwiches whilst maintaining the correct temperature throughout the cabinet thanks to the ventilated refrigeration system. Supplied with two clear glass shelves, access is via the rear glass sliding doors.

Features: Electronic thermostat with automatic defrost programme; internal white LED illumination; removable glass shelves and doors.
