

Waffle Iron

GED80

The GED80 Waffle Iron is specifically for stick waffles which are perfect for dipping into hot chocolate sauce, icing, decorations etc. The cast iron plate features 4 moulds (145 x 38mm) allowing the GED80 to produce up to 8 great tasting stick waffles in just a couple of. The elements are seated beneath both cooking plates giving rapid and even heat across the whole cooking area. The GED80 has a 4 sided drip tray making it suitable for use with fresh or frozen waffle dough and fresh batter mix. Each side is independently controlled giving flexible operation throughout the day

Features: power on neon, surround drip tray, cast iron cooking plates, 300'c thermostat
