

Salamander Grill

The SGF800

The SGF800 is a large powerful salamander with an 800mm grilling area. Ideal for grilling and finishing / glazing / browning the SGF800 is perfect for toasts, gratins, steaks, pizza and continental soups without the need for pre-heating. The sturdy rack has 4 shelf levels so that you can bring the right correct heat to your food, giving quality results, on time. The powerful twin radiant burners provide even heat across the grill and are adjustable for both intense and gentle grilling.

Features 2 radiant burners (65mm wide), slide out drip tray with safety catch.
