

Salamander Grill

---

## The SEF800 Q

The SEF800 Q is a large powerful salamander with an 800mm grilling area. Ideal for grilling and finishing / glazing / browning the SEF800 Q is perfect for toasts, gratins, steaks, pizza and continental soups without the need for pre-heating. The sturdy rack has 4 shelf levels so that you can bring the right correct heat to your food, giving quality results, on time. The powerful infrared/quartz elements provide even heat across the grill.

Features 2 heating zones independently controlled, slide out drip tray with safety catch.
