prizes

WIN UP TO £10,000 WORTH OF PRIZES...

WIN
up to
£10,000
worth of
prizes

...with their winning design on one of our brand new utility trollies, alongside our highly acclaimed hot cupboard and mobile serveries which are used to deliver fresh, hygienic food to your residents. The winning designs will be judged by a team of representatives from our partner, Catering Appliance Superstore. Entries should be submitted by post or digitally if using email in any compatible format sized to A3.

The Rules

Unleash your creative genius!

The competition is open to any care home resident and their family members.

Entries will be judged according to criteria set out by the judging panel and will take into account pre-agreed factors of age and ability.

All competition entries must be submitted between October 1st to December 21st 2018.

The judges decision is final.

In partnership with
**Catering Appliance
Superstore, Parry's products
can be ordered in a range
of DI-Noc finishes including
wood finish, carbon fibre and
a range of solid colours. We
also offer a range of fantastic
soft play structures to suit all
ages and abilities.**

Parry are one of the UK's foremost manufacturers of stainless steel equipment and furniture. With over 40 years experience Parry provide a range of products for professional kitchens, hospitals, operating theatres and dentistry. Our new range of robust Healthcare products have been designed specially with the demands of the Healthcare sector in mind. www.parry.co.uk

JJ Martin (Catering Appliance Superstore) Ltd is a family run business based in Kendal, Cumbria, UK. They supply commercial catering equipment to the UK catering industry and process 1000's of orders each month.

The company has been established for over 40 years originally specialising in sales, spares and repairs of commercial microwave ovens. In 2009 the company expanded into a wider range of catering equipment such as commercial fridges, freezers, ovens, ranges, bain maries, water boilers, food merchandisers, dishwashers, grills and much, much more.

The Catering Appliance Superstore now boasts well over 20,000 appliances and sundry catering products. They feature most of the top brands including Parry plus many others.

**CHECK
OUT OUR NEW
HEALTHCARE
PRODUCTS**

At Parry quality and exemplary service are second nature. Striving to exceed our customers' expectations is not just our moto, it's the very heartbeat of our business. We have recently moved into the healthcare sector with a full suite of heavy duty stainless steel items similar to those successfully supplied to professional catering and educational sectors.

FUNDING OPTIONS

We can offer funding facilities on pre-arranged terms agreed with Tower Leasing, UK Government preferred funding provider for all OEM Purchases. Tower Leasing has been trading since 1989, and within that time they have supported the investment needs of many healthcare establishments.

Operating leases adhere to guidelines put in place by the healthcare authority. This allows you to keep up with investment in the equipment you need without a large capital outlay and instead by smaller and fixed repayments, making budgeting easier and simple.
